

# Declaration of Performance - Snow stopper Rake

## 1. Product's Unique Identification Code

Snow stopper, rake

Item no.	Designation
420210	Snow stopper rake 1.290 m
410193	Fold mount, Snow stopper rake

## 2. Intended Use for the Construction Product

- Device that restricts the drift of snow on pitched roofing surfaces.

## 3. Manufacturer's Name and Contact Details

CW Lundberg Industri AB  
Landsvägen 52  
Box 138  
SE- 792 22 Mora  
Sweden

Telephone number: +46 250 55 35 00  
E-mail: info@cwlundberg.com

## 6. Specified Performance

<i>Essential properties</i>	<i>Performance</i>	<i>Tech. spec.</i>
Mechanical strength	Recommended load capacity of 3 kN/m at c-distance of 0.6 m between brackets	
Mechanical strength	Load capacity 1.1 kN according to A.2	(ÖNORM) B 3418:2012 *)
Mechanical strength	Load capacity 2.4 kN according to A.4	(ÖNORM) B 3418:2012 *)
Reaction to fire	Class A1, B <sub>roof</sub>	EN 516:2006
Durability	At least equivalent to hot galvanisation	EN 516:2006
Durability	Corrosivity class C4 35 years	EN ISO 12944-2

## 7. Other

Product performance specified in Sections 1 and 2 is consistent with the product performance specified in Section 6. This Declaration of Performance was issued by the manufacture at its own responsibility as specified in Section 3.

Signed on behalf of the manufacturer by:

Thomas Lundberg  
Managing Director

Mora, 13 May 2016
